Victoria Falls, Zimbabwe

Resting on the southern banks of the Zambezi river at the western end of the eponymous falls, this popular tourist town is compact enough to walk around and makes an ideal base for travellers exploring the seventh wonder of the world, the unfathomably vast Victoria Falls. About two thirds of the falls can be viewed from the Zimbabwean side and, while the falls are undoubtedly the star attraction, the area provides both adventure seekers and sightseers with plenty of opportunities to warrant a longer stay. Popular activities include scenic flights over the falls in helicopters or micro lights, bungee jumping off the Victoria Falls Bridge, white-water rafting (seasonal), and day trips to Chobe National Park.

Day 3: The Elephant Camp, Victoria Falls, Zimbabwe

Included Activities

Helicopter Flight (13 min)

The 13 minute and 28 minute flights depart regularly throughout the day and offer spectacular photographic opportunities. Guests are collected from their hotels 30 minutes prior to their flight departure time and are given a safety talk on arrival at the Helipad, near the Elephant Hills Inter-Continental Hotel. After take-off on the 13 minute Flight of Angels, the helicopter turns out towards the Victoria Falls.

The pilot will fly circuits over The Falls in both directions giving guests the best viewing and photographic opportunities. A trip up river and back over the Zambezi National Park completes your flight.

Lunch on Livingstone Island & Swim in Devils Pool (seasonal)

Dr David Livingstone was paddled in a dugout canoe through swift rapids towards the roar and rising cloud of mist suspended above a cliff over which the whole of the mile wide Zambezi River plunged. The 'Makoro' (canoe) paddlers skilfully landed him on 'Goat Island' (now known as Livingstone Island) right on the lip of the chasm. A few steps through the small rainforest on 16th November 1855, he gazed upon one of the most spectacular sights in the world – 'Mosi-o-Tunya' (the smoke that thunders) which he named in honour of his Queen as The Victoria Falls. Visits to the island are only during the 'low water season', which usually begins in mid-July and goes through to the end of January. Swimming in Devil's Pool is only available between middle of August and end of January (depending on actual water levels).

The Kwando-Linyanti river system is home to a series of private game reserves, known for their exotic animal species and luxury safari options. An abundance of wildlife roams freely between the woodland habitats, ancient floodplains and forests that make up these lush, unfenced reserves. The big game in this area increases dramatically during the dry season when the area hosts large herds of impala, blue wildebeest, giraffe and buffalo as well as the world's highest density of elephant. Several packs of wild dog are found in the area and lion, leopard and cheetah are frequently sighted. Night drives allow for the discovery of nocturnal creatures such as civets, genets, honey badgers and spring hares. This vast, untamed wilderness is the perfect location for those seeking a unique African adventure in an exclusive and remote big game habitat.
